CALL TO ORDER

At the request of the Mayor, and in the absence of an elected Commission President, the meeting was called to order at 2:30 p.m. by August Coppola.

ELECTION OF OFFICERS

August Coppola was nominated and elected unanimously as President for a term of one year. Gregg Snazelle was nominated and elected unanimously as Vice-President for a term of one year. Terms to begin with the April 1990 meeting and to end at the April 1991 meeting.

PRESENTATION BY THE CITY ATTORNEY

The City Attorney, Louise Renne, congratulated and welcomed the new commissioners. She then introduced two of her Deputy City Attorneys: Buck Delventhal, and Kathryn Pennypacker, who will be the deputy permanently assigned to the Film Commission.

She then turned the presentation over to Buck Delventhal, who gave an overview of the Brown Act, the Public Records Act, and the Political Reform Act. The Brown Act requires that public meetings be properly noticed, that they follow a set agenda, that no action be taken on non-agendized items, that there be time allotted for public comment, and that only pending or actual litigation and specific personnel issues may be discussed in closed session. The Public Records Act specifies that file documents of public agencies are public records, and defines those which are exempt from public access. The Political Reform Act is a body of law that requires public officials and employees whose decisions may affect private financial interests to disclose their economic interests, and prohibits them from making or influencing governmental decisions in which they have a financial interest. The Act requires commissioners to file an annual Statement of Economic Interest with the Clerk of the Board of Supervisors.

The relationship between the Commission and the Executive Director was also discussed. The Commission exercises its powers collectively, not individually. All requests for special projects or work to be executed by the Executive Director must be calendared items that the commission votes upon. The Commission President presides over commission meetings, but has no greater powers than the other Commissioners.

INTRODUCTORY REMARKS

President Coppola discussed the need to promote film as an art form, as well as taking a pro-active stance to increase the awareness of our San Francisco residents to the benefits and revenues generated by the film industry.

Vice-President Snazelle asked that the commission consider going back to the Board of Supervisors to amend the legislation that formed the Film Commission. He would like to see a change in the current language to reflect the fact that San Francisco will not ask for or request any gifts or donations from companies wishing to film, beyond their permit fees, and costs for reimbursable services.

TERMS OF OFFICE

The Film Commission ordinance specifies that commissioners will serve staggered four-year terms and that of the eleven members appointed, three shall serve for two years, four shall serve for three years, and four shall serve for four years. Commissioners drew lots to establish the following terms:

Two year term: Chasnoff, Lui, Powell

Three year term: Hernandez, Mouroufas, Norby, Snazelle

Four year term: Coppola, Mays, Morales, Wilhelm

RULES OF PROCEDURE

Examples of by-laws and rules of procedure from other commissions were handed out to the Commissioners. It was decided to review these before the next regularly scheduled commission meeting.

APPOINTMENT OF EXECUTIVE DIRECTOR

Robin Eickman was unanimously elected as Executive Director.

DIRECTORS REPORT

A brief history of the Film Office and its functioning was given. Accomplishments for 1988 and 1989 were distributed, as well as a job description for the Director. (See attached). Production figures were provided:

1987	-	155 permits	-	706 shooting days
1988	-	140 permits	-	533 shooting days
1989	-	272 permits	-	998 shooting days

DIRECTORS REPORT CONTINUED

Uses of marketing money were reviewed - Advertising, trade shows, sales calls, and collateral material. Goals for 1990 include: producing a location photo library, designing a new collateral packet, making sales calls to Los Angeles and New York, and developing a neighborhood outreach program.

The following is the language I wish incorporated in the Minutes of the April 2, 1990 meeting of the Film Commission:

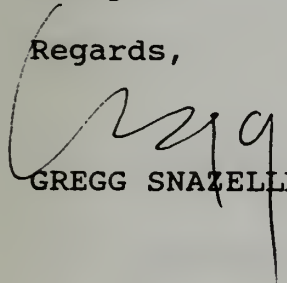

In compliance with Mayor Agnos' mandate to the Commissioners, Vice-President Snazelle would like the language of the Minutes of the April 2, 1990 Commission meeting to read as follows:

CALL TO ORDER

The meeting was called to order at 2:30 p.m. by Commission President August Coppola.

MINUTES

The minutes from the April 3, 1990 meeting were amended and approved as attached.

BYLAWS

Adopted by unanimous vote (see attached)

GUEST SPEAKER

Lisa Rawlins, Director of the California Film Commission, spoke on the many activities of the Commission. She showed a number of publications available to the public, and film industry collateral material. The California Film Commission issues permits for all State property, has a location photo library available to the industry, and trouble shoots when problems arise affecting the film community statewide. The California Film Commission also has a FLICS program (Film Liaisons in California, Statewide) to whom they refer production, and share a \$100,000. yearly marketing budget. In the 1988/89 fiscal year brochures were produced for all FLICS areas. For 1989/90 fiscal year a photographer is being sent to all FLICS areas to beef up the California Film Commission photo library and to augment the photo libraries of local areas.

There was discussion on future FAM trips to San Francisco assisted by the California Film Commission. (Familiarization trips for film production personnel).

PRESIDENTS REPORT

The President clarified some outstanding issues:

1. A limited amount of money will be available from the Hotel Tax Fund, "Grants for the Arts", to be used only for promotional efforts. It was proposed the Commission requests assistance with reproducing our film collateral packet. Because of limited revenues this will probably be the only money available from this source for fiscal year 1990/91.
2. There was continued discussion, held over from the first Commission meeting, of the language in the Film Commission legislation referring to "gifts and grants". The film industry and how it judges filming in different areas is largely based on perception as well as the servicing they receive while working in that area. The "one stop shop", instuted two years ago has gone a long way in regulating charges by various city departments. The commission felt that a stronger statement needed to go out to the film industry; by unanimous vote the Commission voted to include in their newly adopted by-laws the following statement:

Production companies are to be charged a one-stop permit fee only. No requests by the City of San Francisco for additional gifts, donations or grants of any kind are to be made of any production company filming in San Francisco. The one-stop permit fee is to cover their entire financial responsibility to the City with the exception of costs for reimbursable services.

It was also suggested that the Commission ask the Board of Supervisors to amend the language currently in the Film legislation to reflect the above policy statement forbidding solicitation of gifts, grants, or donations from Film Production Companies.

PRESIDENTS REPORT CONTINUES

3. Discussion ensued on the Commission's goals and purpose. The President once again outlined some of the broader goals as he perceives them;
 - a. Promote filming in San Francisco by bringing in more production.
 - b. Develop an economic base of resources.
 - c. Encourage the independent film making community in the Bay Area.
 - d. Develop community and school outreach.

It was requested that the Executive Director bring to the following meeting an itemized list of goals as stated in the Film Legislation. Commission members are requested to also bring their goals and ideas to the next regularly scheduled meeting so that a statement of purpose can be included in the Commissions by-laws.

4. A brief discussion followed regarding fees charged to Film companies, by the city, to obtain film permits. What other cities do regarding permit fees and reimbursable services were reviewed. At this time it was agreed to continue charging permit fees, as this is the only income source currently available to the Film Commission for marketing and promotional efforts.

COMMITTEES

Four committees were suggested by the President as listed in the agenda:

1. Fundraising
2. Neighborhood outreach/Education
3. Hospitality
4. Government/Industry relations

Media/Network, was also proposed as a fifth committee.

The Commission felt they needed more input from the film industry, both local and nationally, before they began to develop

program ideas. Out of these program objectives, committees would be a natural offshoot. The Commissioners were requested by the President to bring to the next meeting their input on the recommended committees.

The President again stressed the need for committees to carry out some of the mandates of the Commissions Legislation:

1. Bring more production to San Francisco
2. Neighborhood outreach and education
3. Defining the interests of the local and national community to better serve these groups.

RETREAT

Discussion about a day long retreat to gather input from the filming community, and give the commission time to get better acquainted with one another. It was decided that a retreat may be premature at this time. The Commission will invite speakers to the next several regular meetings, and schedule a retreat at a later time. It was felt that information needed to be gathered first, and then use the retreat format to address the needs developed by the previous speakers input.

TOURS OF FACILITIES

Tours of local facilities were suggested to further explore the local film community. There did not appear to be much interest at this time.

DIRECTORS REPORT

The Director discussed a sales call trip to Los Angeles in April with the California Film Commission. Visited a number of Commercial Production Companies. Plan to attend a similar trip to New York in the early Fall. Showed insert produced for the Reel Directory. Showed samples of photo location files being developed. Discussion of production now filming in San Francisco, and proposed upcoming projects.

SAN FRANCISCO COUNCIL OF FILM UNIONS

A brief discussion followed about a Canadian Film Union Council, (see attached article). The feasibility of such a group in San Francisco was suggested. Members of the Commission felt it was unworkable to have one entity negotiating for the many different unions and guilds in the Bay Area.

Public comment was taken.

CALL TO ORDER

The meeting was called to order at 2:30 p.m. by Commission President August Coppola.

PRESIDENTS REPORT

Commissioner Coppola proposed producing a showcase of the San Francisco film community. Inviting both the film industry and our local residents to meet, review, and better understand.....

1. How film production takes place on San Francisco streets, ie: costs, problems, city involvement, economic benefits, etc.
2. New technical developments in the film/video industry.
3. Showcase independent San Francisco film makers.

A committee will be formed to develop and work on these ideas.

The President also spoke of the need for the Commission to work toward a more cohesive and clear direction as the goals and functions of the Film Commission are being developed.

GUEST SPEAKERS

Jim Behnke - Production Manager, "Midnight Caller"

"Midnight Caller" is a television series based in San Francisco, now into its third season of 22 episodes. Each episode is budgeted for approximately \$500,000. \$11.75 million was spent in San Francisco for the 89'/90' season for wages, services, and goods. Lorimar employs 80 fulltime personnel, of which 8 positions are filled by Los Angeles hires, the remaining 72 are Bay Area residents. They utilized 200 actors, and approximately 4500 extras over the span of last seasons 22 episodes. Mr. Behnke praised the citys cooperation (ie: film office and police department)the production company has received, and the excellent working relationship they have with the stagehands union local 16. He also outlined some of the problems encountered while filming in San Francisco.... parking, neighborhood and merchant resistance, the S.F. Ports occasional lack of cooperation, and a highly political climate which affects the film making process.

Ashley James - President, Film Arts Foundation

Represents approximately 1700 Bay Area film and video independents. Film Arts Foundation sponsors seminars, festivals, and lectures. They produce a newsletter, assist funding independent projects, and help in distribution. Mr. James spoke of the need to develop and nurture our local creative talent. Some areas that the Arts Foundation would like assistance are - screening facility for independent film

Ashley James, continued

makers, internship programs, and a job hot line. He urged that the San Francisco film community be viewed as an integral and culturally diverse resource, that is an important creative force behind our film industry.

Ron Lakis- President, Association of Independent Commercial Producers - San Francisco chapter (AICP)

The National AICP was started in 1972, and now represents 650 companies. The local chapter represents 37 companies and associate members. The organization has been instrumental in developing standardized commercial bidding forms and contracts. The AICP holds seminars on insurance, contactor, and tax issues which affects commercial production. They also have a national AIDS public service library as well as a national anti-drug campaign. As the commercial production community is an important part of our San Francisco film industry the AICP plans to work closely with the film commission.

The San Francisco Film/Tape Council was not represented at the Commission meeting as previously planned.

GOALS AND COMMITTEES

The Commission stated its three immediate goals-

1. Help to develop and promote film activity.
2. Support local independent film makers.
3. Community outreach.

The committees were again reviewed and President Coppola will make assignments.

1. Fundraising
2. Neighborhood outreach
3. Hospitality
4. Industry relations
5. Media

The Commission voted unanimously on 3 member committees.

MEDIA ARTICLES

Commissioner Powell spoke to recent news articles that presented many of the problems inherent with filming in San Francisco (high costs, strong union presence, lack of parking, neighborhood resistance). He suggested we might want to talk about the positive changes that have taken place in San Francisco. Commissioner Norby (at a later point in the meeting) suggested we might want to hire a public relations firm to help place articles and press releases as we make advances, and have further success stories.

DIRECTORS REPORT

MINUTES

The minutes from the August 6, 1990 meeting were approved.

CITY ATTORNEY

Katherine Pennypacker spoke to the Commission on proposed changes and clean up of the film legislation ordinance. (See attached)

1. Change to a 3.500 Charter Commission. Because of prior residency requirements the Film Commission was constituted differently than other city commissions. With the passage of proposition L in the June '90 election, which waived the Film Commission from residency requirements, the Commission can now be a full charter commission with the approval of the Mayor and the City's Chief Administrative Officer, and a vote by the Board of Supervisors.

2. Other changes & corrections -

pg.3 - Changes section on expulsion from commission upon missing three unexcused meetings. Commissioners frequently don't know ahead of time to ask to be excused from meetings. Other commissions do not have an expulsion rule, although they serve at the pleasure of the Mayor.

pg.4 - Solicitation of funding will be dropped at the Commission's request.

pg.5 - Change monthly meeting requirement to meet regularly. This means the Commission can establish how often they want to meet although the meetings must still be at an established time and place.

pg.6 - Executive Director executes Use Agreements (Permits). This was always the intent, but was written incorrectly in the original legislation.

The Commission voted unanimously to send these proposed changes to the Board of Supervisors.

Concern was expressed by the President about commissioners attendance at the meetings. This commission must be viewed with the same commitment as all other city commissions.

The proposed change to a chartered commission would grandparent in the already existing commission appointments.

CITY ATTORNEY CONTINUES

David Benjeman - spoke to the Commission about the States conflict of interest laws, and the need for the Commission to adopt a conflict of interest code. After discussion, the Commission voted unanimously to adopt the attached resolution as presented by the City Attorney. This resolution states that the Commission must disclose their personal financial holdings and interests in any business involved with film production. This resolution now goes to the Board of Supervisors for adoption.

GUEST SPEAKERS

Kim Roberts - Executive Director, SAG/AFTRA
(Screen Actors Guild/American Federation of
Television and Radio Artists)

Represents two actors unions. SAG representing Film, and AFTRA representing Video. These two unions nationally represent 100,000 and locally the combined membership totals 4000. The guilds promote employment of their members as well as attract production to San Francisco. The vast talent pool available in the Bay Area is a marketing plus, along with our locations, crews, and services. Recognizing that not all productions have large budgets, they have varied contracts for different companies - TV, Commercial, and Corporate Video Contracts; low budget feature, affirmative action, experimental and student agreements.

Kim expressed the need for San Francisco to market itself even more aggressively in the marketplace to bring more film production to the Bay Area. The Screen Extras Guild will be merging over the next two years with the Screen Actors Guild, this may bring changes to existing contracts.

Lee Utterbach - President, Film/Tape Council

The Film/Tape Council began in 1979 with 6 founding companies:
Adolf Gasser, Snazelle Films, Monaco Labs, One Pass Video,
Zoetrope Studios, and Diner Films.

The group represents 700 members from various post production companies, vendors, video companies, etc. The Film/Tape Council provides networking for its members, as well as legal services, a credit union, tours, and screenings. They also work cooperatively with a local trade paper, Film/Tape World. They also began a yearly event last year "The Gilberts" honoring local projects and production personnel. This year's event will be on November 29th honoring ILM key grip, Dick Dova. The Goal of the Council is to promote the San Francisco Bay Area Film/Video Community. The Council is very interested in working with the Commission on any upcoming projects.

There was discussion on installing a computer in the Film Office to provide a way for the local community to interact with producers

GUEST SPEAKERS CONTINUES

looking for information on services, equipment, crews, talent, locations, etc.

Sgt. Gary Epperly - Liaison, San Francisco Police Chief

Before 1980 film production companies used on-duty officers, but because of a few incidents it was decided to provide police services under section 10.B of the Police Code. This provides officers in an on-duty overtime capacity, with the film company reimbursing the Police Department for those services. Police are brought in at the Film Office's request to determine the number of officers needed, traffic flow, public safety, parking, and to review any stunt work of special effects.

The officers facilitate production, and offer an added police presence in a neighborhood. It was stressed how important the police officers are in their interaction with residents and merchants while filming is going on, but also to the production companies who gage their welcome to San Francisco by the cooperation and professionalism of the San Francisco Police Department.

PRESIDENT'S REPORT

- Commissioner Coppola stressed the need to focus on what the Commission's longterm goals will be. There has been some negative press which he feels has forced the Commission into a re-active mode; we must promote a positive and forward moving attitude. He also cautioned that the group needs to move slowly and deliberately to establish its long range priorities.
- The President brought up the issue of a proposed hearing to be held on San Francisco by the California Film Commission. The need for the hearing seems unclear, as well as the motives generating this. The California Film Commission has not contacted the San Francisco Film Commission directly on this issue. A member of the California Film Commission's staff was in the audience and attempted to clarify some questions. It had been determined early in the year to hold a hearing on the San Francisco film climate: services available, amount of production, goals and direction of the San Francisco Film Commission, problems, etc. The hearing was called for by one of the California Film Commission Commissioners, not the staff. Much discussion followed regarding the inappropriateness of this action.

The Commission voted unanimously to have the San Francisco Film Commission President contact Mr. Lindsey Parsons the President of the California Film Commission. If a satisfactory response is not forthcoming, the San Francisco Commission will not participate in the hearing.

PRESIDENT'S REPORT CONTINUES

- The President also proposed holding three fundraisers per year to raise money to support local independent film makers. The Commission voted unanimously to work toward this goal. The City Attorney will be contacted regarding any restrictions on fundraising.

COMMITTEES

Six committees were formed. See attached list.

BUDGET

There was discussion on uses of our limited resources. The Commission asked the director to re-draft the budget separating out already committed items from proposed expenditures. The budget will be taken up at the next regular meeting.

DIRECTOR'S REPORT

- Going to New York to make sales calls with the California Film Commission. Plan to visit a number of advertising agencies.
- Production/Permit packet is now in the bidding stage.
- Planning joint marketing at two upcoming trade shows with the Sonoma and San Jose Film Offices. AICP show in December '90 and the AFC show in March '91.
- Approximately 25 permits issued during August, with "Midnight Caller" continuing, and "Over My Dead Body" back for a second episode.

CALL TO ORDER

The meeting was called to order at 2:30 p.m. by Commission President August Coppola.

MINUTES

The minutes from the September 10, 1990 meeting were approved.

GUEST SPEAKERS

Wayne Wang - Independent Film Maker

Spoke on a number of his projects that have been shot in San Francisco from Industrials to low budget features, and large scale productions. He spoke of some inherent problems to filming here; curfew in residential neighborhoods, and the unwillingness of residents to have production in their areas. He stressed the need for education of residents to the artistic and economic benefits of film making. He also felt that post production is diminishing in San Francisco. Low budget projects need assistance with union deals, location fees, and more input from the city.

Scott Schaeffer - One Pass Video

Stated that the San Francisco teleproduction market is approximately \$40 million annually. Teleproduction encompasses; video recording and editing, film to tape transfer, electronic editing, and sound mixing. Schaffer felt that we need to expand and retain our commercial post production services, and encourage Los Angeles companies to open satellite offices in the Bay Area. He also felt there was a lack of talent depth, and that his company is looking at ways to encourage that growth.

COMMITTEE REPORTS

See attached minutes from Neighborhood Committee meeting.

PRESIDENTS REPORT

Commissioner Coppola reported on his attendance at the San Sebastian Film Festival. He also discussed the forthcoming California Film Commission hearing on San Francisco. He recommended that the San Francisco Commission work with them to make it a productive and beneficial hearing for all.

BUDGET

The Commission unanimously approved the attached budget for fiscal year July 90' - June 91'. There was discussion on the amount of money available from Grants for the Arts, applying for general fund money, continued Mayor's Office funding, non-profit fundraising efforts, and civil service employment. Lisa Rawlins, director of the California Film Commission, stated that they would assist with updating and restocking our photo library. Commissioner Coppola is working with Apple Computer to obtain a computer for the Film office.

DIRECTORS REPORT

The Director reported on her sales call trip to New York in September. Visited 16 advertising agencies with interesting results; all said they enjoyed filming in San Francisco although they all brought up expensive hotels, unions, and lack of depth of talent as problems. Discussed upcoming two trade shows, with the invitation to the Commissioners to attend. Update on photo library and Film production packet.

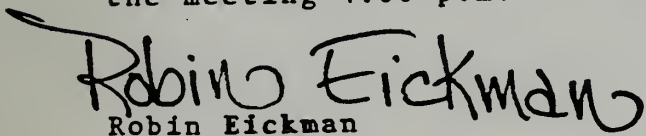

MEETING SCHEDULE

When regularly scheduled commission meetings held on the second monday of every month fall on a holiday, the meetings will be held on the following third monday. The Commission voted unanimously on this.

Notes from AICP-LA meeting October 30, 1990

August Coppola and Robin Eickman attended a Los Angeles AICP (Association of Independent Commercials Producers) meeting on October 30, 1990 at Raleigh Studios.

Commissioner Coppola began with an overview of what the San Francisco Film and Video Arts Commission goals are. He then opened to questions from the floor to enable us to hear production concerns, and bring those issues back to the San Francisco Commission:

1. Costs of shooting in chinatown, pay-offs to merchants are too exorbitant.
2. Enforcement of posted "No Parking" signs.
3. Curfew restrictions in residential neighborhoods.
4. The Mayor's, the City's, and the Commissions commitment to promoting and servicing film production in San Francisco.
5. HKM issue - The need to know up-front what policy there is for "non-union" shoots. Would like a public meeting to discuss ground rules between production companies and the local union representatives. Need to increase business, not kill the "golden goose"! Commercials bring 1 Billion to California annually - lets keep the tax base in the State!
6. Would like FAM trips to San Francisco.

CALL TO ORDER

The meeting was called to order at 2:30 p.m. by Commission President August Coppola.

MINUTES

The minutes from the November 19, 1990 meeting were approved.

GUEST SPEAKER: Melissa Higgens, Deputy Director California Film Commission

Melissa spoke on national and California film commissions, to give the San Francisco Commission an overview of competition, budgets, staffing, etc.

There are 200 film commissions around the world, a film commission in each state, and 128 city film commissions.

The U.S. film industry generates 900 million annually in California, and nationally 1.7 Billion.

There is great competition from other cities and states for production dollars. Other film offices offer free services, tax rebates, free permits, reduced hotel rates, etc.

Some reasons for production leaving the state were noted;

- The star or director wanting to stay home
- Location directed by script
- Union regulations

Bringing production to their areas and serviceing the film industry is the major role of all Film Commissions. They provide location photos or videos, trouble shooting, location scouting, as well as marketing their areas.

Discussion followed on ways the San Francisco Commission can compete with these other states and cities.

FORUM:

Discussion on holding an open forum in February to take the place of the regular february meeting. The local film industry would be invited to a saturday meeting with the Film Commissioners. The group would discuss film production issues to give the Film Commission input in setting their goals and directions.

The need to structure the event was discussed. A committee of commissioners and local industry people will be established to send out a preliminary questionnaire. This questionnaire will access areas to be reviewed and assist in developing a format for the event.

The Commission voted unanimously to hold a forum.

COMMITTEES:

- See attached new committee assignments.
- Neighborhood Committee: See attached minutes.
- Fundraising Committee: See attached notes from meeting with City Attorney.

Discussion followed on two options

Commission voted unanimously to establish a Friends of the Film Commission group.

Commissioner Mouroufas will follow up.

1991 AGENDA/GOALS

(See attached working draft)

The Commission unanimously voted to adopt the 1987 film industry report done by the Mayor's Film Advisory Council. This will be a basis for establishing the Commissions goals.

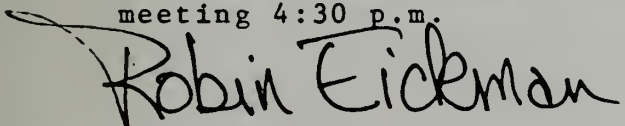

Discussion continued: Commissioner Powell stated that the number one priority of the commission is to make San Francisco more conducive to filming and to work with the many government bureaucracies to this end. Other commissioners also stressed the need to raise funds from a number of sources - General fund, Hotel tax, State Film Commission, Fundraising event.

The Commissioners were asked by the president to list their priorities and return them to the Director.

COMMITTEE REPORTS

Government/Industry Committee (See attached minutes)

COMMISSION SPONSORSHIP/ENDORSEMENT OF FILM PROJECTS

This should include, but not be limited to; that the project enhance the film making community, that the project not be of sole financial benefit for one individual or business. Commissioners Morales and Chasnoff will work with the Director and City Attorney to help establish this criteria.

1. Two projects were presented (see attached proposals) by Elizabeth Estrada and Reel Magic. The Commission will review these after the endorsement criteria is established.

BUDGET

The Director discussed with the Commission the direction they want to take in regards to marketing San Francisco (tradeshows, advertising). As a quorum was not present at 2:30 p.m. Commissioner Coppola opened with announcements. He publically thanked the Holiday Inn for the forum event hosted for the Commission, as well as the local film community, various city departments, and the speakers who participated. The Director reviewed some upcoming events....

1. A new Commissioner, Sharon Owsley, will be sworn in Wednesday April 10 at 4:30 p.m. at the Mayor's Office.
2. "Midnight Caller" is proposing a press conference to be held at their studio in San Francisco in late April. More details to follow.
3. The Director attended the Association of Film Commissions Location Expo. in March. Joint participation with the Sonoma and San Jose Film Commissions with approximately 4000 in attendance.
4. Production volume is up. "Memoirs of an Invisible Man" with Warner Brothers just wrapped. "Basic Instinct" with Carolco has begun shooting, and Warner Brothers "Final Analysis" will start late April.

"Basic Instinct" is negotiating with the Telegraph Hill Neighborhood Association and local residents to do extensive night filming. The Director will continue to meet with various groups to resolve the issue. Commissioner Coppola requested Commissioner Hernandez assist with these negotiations.

President Coppola discussed the newly formed Cultural Affairs Task Force. This will be a 25 member group appointed by the Board of Supervisors and a limited representation of the 22 city departments that have art related components. The Director will attend and monitor these meetings. Commissioner Powell recommended that the Film Commission not take a position on the issues until the task force has been formed.

Commissioner Hernandez arrived at 3:05 p.m. and the Commission meeting was called to order by president Coppola.

MINUTES

The minutes from the February 11, 1991 meeting were approved.

GUEST SPEAKER

Gene Choy from the Mayor's office of Business & Economic Development spoke about the availability of small business loans to the San Francisco film production community. These are fixed below market rate loans. Commissioner Hernandez requested a letter be sent to local production companies informing them of the availability of loans to businesses that help create new jobs or are located in specific sections of town.

BUDGET

The Commission was unable to determine expenditures for fiscal year 91/92 until two grant applications have been processed. Commissioner Powell requested from the Director an accounting of permit fee money generated to date, and documentation on production dollars spent by the three feature films shooting in San Francisco during March and April 1991. This information will be provided at the next regular Commission meeting.

SPONSORSHIP/ENDORSEMENT

See attached work sheets.

After considerable discussion, by unanimous vote the commission established the following regarding sponsorship/endorsement.

1. The Film and Video Arts Commission will not sponsor/endorse any product or event that is for profit.
2. Commissioners can use their names to endorse persons or events (ie: ballot issues or candidate endorsements), but this does not imply the Commissions' endorsement.

Sponsorship/endorsement of non-profit projects, events, etc. was left open at this time for case by case review.

ASSOCIATION OF INDEPENDENT COMMERCIAL PRODUCERS (A.I.C.P.)

The Commission decided to host a cocktail party in the Mayor's Office for the Board of Directors of the National Association of Independent Producers when they hold their annual board meeting in San Francisco. This would be by invitation only, including the National and Local A.I.C.P. Boards and the Film Commission. Commissioner Morales also volunteered to host the event if it was not possible to do in City Hall.

WORKING DRAFT
SPONSORSHIP/ENDORSEMENT

1. San Francisco Commissions do not generally endorse or sponsor projects. They do occasionally co-sponsor an event with an outside group (ie: The Recreation and Park Department co-sponsors the San Francisco Urban Fair because the event takes place on park property, and it is a city wide multi-cultural Fair).
2. The Mayor's Office and City Departments do not sponsor/endorse any product or event that is for profit.
3. Commissioners do use their names to endorse persons or events (ie: ballot issues or candidate endorsements), but this does not imply the Commissions endorsement.
4. If the Commission wants to endorse a non-profit project, criteria must be established that will apply equally to all petitioners. Before determining criteria, these issues must be discussed and resolved...
 - a. How does the project portray the City/Film Commission?
 - b. Does the project promote an individual business or the entire San Francisco film/video production community?
 - c. Would the Commission's endorsement be a selling tool for the project, and/or a way to gather other sponsors?
 - d. What control does the Commission have over the final outcome of the project?
 - e. What fiscal responsibility does the Commission bear if a project is not successful (ie: Festival 2000).

The San Francisco Film Commission was established for the purposes of promoting the production of films and tapes within the city and county of San Francisco, to enhance the image of the city, to promote employment and to encourage the utilization of San Francisco business resources for such production.

The Film Commission will only consider the endorsement of projects which in its opinion support one or more of the foregoing objectives. Before any endorsement is given, the Commission may require the submission of appropriate agreements and any necessary permits, and satisfactory proof of financial security of the organization producing the material. In addition, if funds are to be solicited for the production, the Commission may require the submission of all scripts and graphic materials which will be utilized for this purpose.

PRESIDENTS REPORT

President Coppola opened by introducing and welcoming the newest Commission appointment, Sharon Owsley. He gave a brief wrap up on the reception hosted by the Commission in the Mayor's Office for the National Association of Independent Commercial Producers. It was agreed that the event was great publicity for the City with the commercial producers market, and that more of these events should be considered. He gave a brief overview of the proposed new film building at San Francisco State that will include a sound stage, editing rooms, sound processing, etc. The bid process is still under review, but the ground breaking should be within the next two years.

BUDGET

The Director passed out information to the Commissioners on the expenditures of three feature films that worked in San Francisco during the spring of '91. The revenues spent in San Francisco by "Basic Instinct", "Final Analysis", and "Memoirs of an Invisible Man", totaled \$10 Million for local hires, hotels, equipment rentals, crews, etc. (See attached press release). The Director also distributed a breakdown of fiscal year expenses for '90/'91, and a list of permit fee collections during '90/'91. These fees are to be used for promotional and marketing efforts. A discussion ensued. Two grants previously applied for, from Grants for the Arts and the San Francisco Foundation, will not be determined until August. With this section of the budget unknown, the Commission voted unanimously to allot \$30,000. for public relations expenditures. This \$30,000 may include advertising, receptions, FAM trips, etc. A committee will be established and meet over the summer to determine a direction for the expenditure of this money. \$10,000 was allotted for the Director to attend trade shows, make sales calls, and to cover dues and subscriptions. This left \$20,000 in reserve until the status of the two grant applications are determined. In the early Fall the commission will review remaining expenditures for fiscal year '91/'92.

SUSPENSION OF SUMMER MEETINGS

The commission voted unanimously to suspend the July and August regularly scheduled meetings. The next Commission meeting will be Monday September 9, 1991.

1. Reminder to the Commissioners to send to the Director requests to be absent from the State.

COMMITTEE REPORTS

Neighborhood Committee - See Attached minutes

1. Neighborhood Brochure - The first draft of the Neighborhood brochure has been reviewed, the Director will mail out a reworked draft to the Commission for comments.
2. Advertising - At the direction of the Commission, the Director interviewed Ad designers and brought in samples of their work.
It was then discussed, proposed, and unanimously voted on by the commission to rework our already existing ads with new photos and headlines. This will save designing expenses, and continue to utilize a very well received ad campaign.

DIRECTORS REPORT

1. Three major shows just wrapped - Disney "Sister Act"
Universal "Sneakers"
Hanna Barbera "Streets of
San Francisco"
2. The Director made a sales call trip to Los Angeles in October visiting production executives at Disney, Universal, Warners, Columbia, Paramount, and Twentieth Century Fox. After the first of the year another trip will be planned to visit commercial production companies.
3. See attached press release on "Streets of San Francisco" that was sent out in conjunction with the October 18th press conference in the Mayor's Office.
4. The Film Office will be getting a computer donated by Apple Computer for a one year loan.

The President directed the committees to reconven in a timely fashion to review and bring back the following issues to the full Commission in January.

- Finance/Fundraising Committee:

1. Form goals and a target fundraising budget for '92.
2. Establish Friends Group.

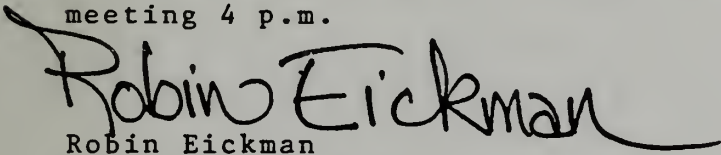

- Industry/Government Relations:

1. Form '92 goals for attracting business.
2. Determine feasibility of FAM trip to San Francisco and who to invite (Production personnel vs. writers)

MINUTES

The meeting was called to order by President Immendorf at 10:05 am. The minutes of the April 28, 1992 meeting were approved by all Commissioners except Commissioner Telles who abstained.

PRESIDENT'S REPORT

As the first regular meeting of the newly appointed commission, welcome was given by President Immendorf. Standing committees are Finance/Fundraising, Neighborhood/Community Relations, and Government/Industry Relations. Committees will be discussed and appointed at the next regular meeting. City Attorneys Randy Riddle and Kathryn Pennypacker were introduced.

CITY ATTORNEY'S REPORT

Randy Riddle addressed the Commission on Conflict of Interest issues. The main body governing Conflict of Interest laws is the Political Reform Act which states that no public official may participate in a decision in which the official is financially interested and which could result in personal monetary gain, through property or business. Should a conflict of interest arise it was suggested that the Commissioner involved leave the room during discussion and or voting.

Also included in the Political Reform Act is the filing of an Economic Interest statement which must be completed within thirty (30) days of a Commissioner's appointment, once a year during time served, and within thirty (30) days of leaving office.

A second state law which reflects Conflict of Interest issues is Government Code Section 1090 which states that no public official may have interests in any contract that is approved by any board or commission on which they sit. Under such circumstances, a commissioner must dismiss themselves from the board or divest any interest in the contract to retain official position on said commission. San Francisco's city charter is much the same in that it refers not only to contracts but to permits, and all other rights and privileges that can be granted by the commission of which you are a member.

Government Code Section 1126 states that no official officer may engage in any outside activity incompatible with their official duties. If such incompatibility becomes continuing and pervasive, commissioner may be required to dismiss themselves from commission. Proposition F prohibits any city officer from lobbying for compensation in front of other city boards or commissions when representing a personal or private interest.

Kathryn Pennypacker addressed the commission on Public Meeting Laws, Brown Act and Friends Account.

Packets were distributed regarding the Brown Act, the Charter Section 3.500 and conflict of interest memos.

The Brown Act and Charter Section 3.500 apply to all the meetings of the Board of Supervisors, boards, commissions and advisory committees. A meeting is considered a quorum of the parent body discussing business or taking action on matters under its jurisdiction. A quorum is a simple majority which is six (6) for this commission, and with a committee of four (4) a quorum would be three (3). In order to adopt a measure six members must be present to call the meeting and vote and all six must vote yes to pass a measure.

All meetings must be open to the public and allow public participation. No private meetings between two or three of the commissioners nor phone calling between officers of the commission and the commissioners is allowed under the Brown Act. Retreats and conferences can be considered meetings if business is discussed, as can lunches or dinners. As such the public has the right to be involved.

Every Commissioner attending a meeting must vote. A member can not abstain and must be physically present to vote. If a quorum does not show up for a meeting, the meeting must be cancelled and no action taken.

Executive Sessions may be closed to the public to discuss personnel matters or threatened and or pending litigation.

Regular meetings must be held on a regular basis, 72 hours notice to the public is required, agendas must be sent to the public library for posting and action can only be taken on the items on the agenda. Special meetings require only 24 hours notice.

Public participation is allowed before any agenda item is voted on by the commission. Reasonable limits can be established as to the time allowed for comment.

Commissioners involved in a meeting that violates the Brown Act are subject to penalties, as such violation is a misdemeanor. Actions taken under such circumstances are null and void.

Public Records Act states that most writing done in said meetings are of public record, subject to approval of the City Attorney's office.

Friends Account was discussed. However, the City and County of San Francisco and the Film and Video Arts Commission are tax deductible entities. Donations in excess of \$5,000.00 must be approved by the Board of Supervisors. A Friends Account would be a separate entity and would be governed as a private, non-profit corporation and would not fall under city and county jurisdiction.

DIRECTOR'S REPORT

Lorrae Rominger stated that the Film and Video Arts Commission would be relocating its office to Room 205 in City Hall. Office equipment, including typewriter and 2 computers, will be used to compile information and track production volume and expenses.

Private donation of \$5,000.00 has been donated to the Film and Video Arts Commission for promotion and marketing efforts.

Feature film being produced through Tri-Star will begin filming in San Francisco the end of June for twelve weeks. Production is in preliminary stages and more information will be forth coming.

ADMINISTRATOR'S REPORT

Robin Eickman stated that the expansion and growth within the Film Office over the past few years has resulted in a centralized permit process, an aggressive marketing campaign, the establishment of a photo library and film office packet. With the addition of another staff person the office hopes to continue its efforts to involve the local production industry through greater community outreach and expanded public relations.

We look forward to greater input and support from the local production community and hope to see growth in the independent feature market with the addition of independent film makers to the commission.

Neighborhood brochure started by prior commission will be re-addressed at next meeting. Cost and printing in more than one language to be discussed.

President Immendorf announced that Commissioner Farrell has agreed to sit on the Cultural Affairs Task Force as the representative from the Film and Video Arts Commission.

JOB BREAKDOWN FOR FILM OFFICE

A working proposal for the job of Executive Director and Administrator was outlined. Commissioners will review and will discuss at the next meeting.

BUDGET OVERVIEW

To date there is approximately \$93,000.00 in the account. Salary and benefits of additional staff person totals approximately \$67,000.00 through July 1, 1993. A detailed summary of the budget will be presented at the next meeting.

MEETING TIME AND PLACE FOR 1992

Regular meetings for the San Francisco Film and Video Arts Commission will be held on the second Wednesday of each month at 10:00 am in Room 110B at the Veterans Building.

EXECUTIVE DIRECTOR CALIFORNIA FILM COMMISSION, PATTY ARCHULETTA

Patty Archuletta spoke to the Commission regarding film production within the State of California and their desire to work cooperatively with San Francisco to keep productions in the state. Approximately 8 billion dollars of revenue is generated per year within the state of California due to film production and the industry employs 200,000 people within the state. Behind aerospace and defense, film production is the third largest revenue generating industry in California.

There are 40 film commission offices in the state which issue permits for property within their jurisdiction. When the state lifted the fees associated with their permits, they saw an increase in production of 260 %. Approximately 1500 permits are issued through the state office each year, half on state parks. The state office works closely with Cal Trans and the California Highway Patrol.

There are over 140,000 photos in the photo library and the hope is to have the photo library computerized by the end of the year.

We expressed the desire of this Commission to participate in the selection of the process and the finished product when the photo library becomes computerized.

The state commission's office budget is \$1,000,000.00 per year, has a staff of eight people, marketing budget of \$140,000.00 and the following 800 number: (800) 858-4PIX. The office handles over 18,000 requests for locations per year. It was decided as we expand our photo library in San Francisco that all processing would be paid by the California Film Commission office in order for copies of the prints to be kept on file in Los Angeles as well as San Francisco.

Patty also introduced Jeff Kahn, Northern California Highway Patrol Representative for Film Media Relations.

DIRECTOR'S REPORT

Budget Review - All Commissioners received a budget breakdown of expenses through June 1, 1992, estimated expenses for the month of June, salary and fringes for the next fiscal year and proposed expenses leaving a total in the account of \$31,017.67.

It was voted and approved by all Commissioners to move forward with the finalizing of the neighborhood brochure to be printed at a cost of \$1,000 for 10,000 copies. It was also voted and approved by all Commissioners to update our current brochure with the additional staff and phone numbers by using stickers at a cost of \$780.00 for 2,000 stickers.

Marketing Outline - A seven page report outlined my goals and how I plan to achieve them. As I find out what projects can be donated and/or contributed through the industry I will then decide how to breakdown the budget. I welcome your comments and suggestions.

Neighborhood Brochure - It was voted and approved by all Commissioners present that we would work up a final draft of the neighborhood brochure and present it at the next meeting for final approval. We will print the brochure in English first and then decide what additional languages to print. The printing will be done at the duplicating service in City Hall and we will receive 10,000 copies for \$1,000.00.

SUB-COMMITTEES

The following sub committees were agreed upon:

1. Finance/Fund Raising - George James and Gretchen Belli
2. Industry/Government Relations - Ed Powell and Beverly Immendorf
3. Community/Neighborhood Relations - Leslie Farrell and Nick Roomel
4. New Technology/Education - Robert Hillman and Ray Telles
5. Independent Film Makers Concerns/Small Business Concerns - Debra Chasnoff and James Yee

It was agreed that the Commissioners would finalize names of sub-committees and goals at the next meeting. It was also agreed that selection process of industry members to sit on sub-committees would be addressed and decided at next meeting.

CULTURAL AFFAIRS TASK FORCE

Commissioner Farrell gave a report of the meeting of the Cultural Affairs Task Force. This board contains 60 members whose job is to make recommendations to the Board of Supervisors on disbursement of the Hotel Tax Fund. Surveys are sent out and compiled into a report which is then given to the super-committee of seven people. The report from the super-committee will be delivered to the Board of Supervisors in August.

"SISTER ACT" SCREENING

Estimated proceeds from the "Sister Act" screening should be approximately \$4,500.00. A written report will be submitted at the July meeting. Commissioner Chasnoff expressed her desire for future fund raising events to be discussed and approved by the Commission prior to the Commission's participation.

GUEST SPEAKER

Michelle Wright, Production Supervisor for Committed Pictures, Inc. filming the feature "So I Married an Axe-Murderer" in San Francisco and being distributed by Tri-Star, spoke to the Commission about her experiences filming in San Francisco.

She cited the following five items as all contributing to a very positive experience:

1. An effective Film Commission office and staff which work in conjunction with the various City agencies and Mayor and has the authority to make decisions. (She felt that in some other states and cities where she has worked, the Film Commission did not have authority to make decisions.)
2. Strong union cooperation and crews, as good if not better, than any she has worked with.
3. Excellent police services and support from the department in providing additional security and parking.
4. The fact that all of the above work closely together and cooperate fully to make sure things run smoothly.
5. A respect from the community and the film industry for the various departments and city agencies which make filming in San Francisco possible.

She also stated the excellent technical crews available to film makers in San Francisco and the ease of making a feature here from beginning to end are both messages that need to be conveyed. She suggested that we continue working on developing business and community relationships within San Francisco to increase awareness of the importance of film making to our city.

Michelle began pre-production on this feature in San Francisco mid-May and will wrap mid-October. Post-production will be done at Sony Entertainment in Culver City due to a pre-arranged contract with the studio.

Due to the lack of a large sound stage, Committed Pictures converted a 25,000 square foot warehouse in Hunter's Point to be used as a stage. She stressed the addition of a sound stage in San Francisco and the one thing really missing for a film maker.

DIRECTOR'S REPORT

The Commission is planning a Halloween party on Wednesday, October 28 at the Paradise Lounge as a fundraiser. Commissioners Kunin and James will head the event as part of the Fundraising/Finance Subcommittee.

The neighborhood brochure was approved by all Commissioners present and will be printed in English by the next Commission meeting on October 14.

Page 3 (continued)

The Film & Video Arts Commission was given a grant from the Hotel Tax Fund in the amount of \$35,000, up from the \$22,000 last year. The attached budget for the 1992-1993 fiscal year was discussed and approved by all Commissioners present. It was suggested that we look at advertising in international film trade magazines by Commissioner Hillman. It was also suggested that I meet with the Convention & Visitor's Bureau regarding the new advertising campaign.

The attached goals for the 1992-1993 fiscal year were approved by all Commissioners present.

SUBCOMMITTEES

Preliminary agendas for all sub-committees were submitted to the Commission. All Commissioners received a list of interested parties wanting to participate on the sub-committees. It was decided and agreed by all Commissioners present that the two Commissioners heading up each sub-committee would be responsible for selecting the members of their respective sub-committees.

Each sub-committee will consist of not less than three (3), and not more than seven (7) members. This does not include the Commissioners. Each sub-committee will select a secretary who will be responsible for typing up the agendas and the minutes and sending them to the Director at the Film Commission office. Meetings of the sub-committees are open to the public and as such the agenda must be posted and the meeting held in a public place. All sub-committees are to be selected and a meeting held before the next Film Commission meeting on October 14, 1992.

Public comment was taken. Concern was expressed regarding minority employment on film crews. Time will be given at the next Commission meeting for members of the public to present their concerns.

The meeting was adjourned by President Immendorf at 4:00 p.m.

PRESIDENT'S REPORT

President Immendorf stated that according to the Brown Act and Robert's Rules of Orders, all Commissioners must contact the film office when they will miss a regular commission meeting and when they leave the state. There are no exceptions.

It was suggested that any agenda items to be discussed in the regular commission meeting from the sub-committee meetings, must be in the film office no later than ten days (10) prior to the regular commission meeting in order to be distributed to the Commissioners. It was moved and approved by all Commissioners present that we would work within these parameters in order to bring agenda items before the full commission in an orderly manner.

DIRECTOR'S REPORT

1. Ad placement for the month of October and November consisted of cover of "Video Systems," cover of "Film & Video," articles in "Millimeter," "Cue Magazine," "AdWeek," and "Hollywood Reporter." A special edition of the "Hollywood Reporter" in December will feature production in California, with an emphasis on San Francisco.

2. Film office is in the process of developing a more defined local expense sheet to determine actual monies spent by production companies filming in San Francisco.

3. To further develop and expand the responsibilities and services of the film office, support staff of some kind is imperative. Beginning in January, our office will have a total of four interns, two for office support staff, one to do the newsletter and one to extend the photo library. However, interns do not take the place of consistent, day-to-day help. We will try this approach for the next three months and see how it works out.

It was suggested by Commissioner Kunin that we upgrade our phone message system to alleviate the need for so many return calls.

4. I was in Los Angeles November 30 through December 2 and met with studio executives at Universal regarding "Heart and Souls", at 20th Century Fox regarding "Mrs. Doubtfire", and at Paramount regarding "Intersection."

5. Two features are now filming in San Francisco, "Joy Luck Club" and "Golden Gate."

6. The film office will participate in the NATPE convention from January 26 through 28 at Moscone Center with San Jose, Santa Cruz and Monterey.

7. The printed neighborhood brochures were passed out to all Commissioners.

SUB-COMMITTEE REPORTS

INDUSTRY/GOVERNMENT RELATIONS - Commissioner Yoder reported that meetings were held on November 4 and December 3. One of the top priorities is to investigate the possibilities of developing a large sound stage in San Francisco. The pros and cons of a multi-purpose facility versus a single purpose facility, were and are still being discussed. Members of the group attended a Waterfront Advisory Committee meeting and formerly indicated our desire to investigate Port of San Francisco owned facilities for such use. Our immediate intention is to locate existing structures which can be utilized as a sound stage. A tour to visit potential buildings on Port property is being planned for later in the month. Basically we are looking for a minimum of 10,000 sq.ft. with 30' ceilings and ample parking.

NEW TECHNOLOGY/EDUCATION - Commission Hillman stated that the time is right for the development of a multi-media/interactive network industry here in San Francisco due to the creative talent, the proximity of Silicon Valley, the film & video industry and the cooperation of the business community. It was agreed to by all Commissioners present that the commission would send a letter to the Board of Supervisors supporting the establishment of a multi-media center in San Francisco.

INDEPENDENT FILM & VIDEO CONCERNS - Commissioner Yee stated that the primary concern of the first meeting was to discuss issues, interests and concerns of independent makers who are working outside or on the periphery of larger commercial productions.

It is the intention of the subcommittee to address problems concerning independent film making in San Francisco, what keeps film makers from working here, employment issues and how to get involved in other aspects of the industry. One idea is to address these concerns in a public forum or gathering, targeted toward the independent producing community.

NEIGHBORHOOD/COMMUNITY RELATIONS - Commissioner Roomel reported on the first meeting held in November. The goals are to work with the neighborhoods and merchants in various areas of the City to provide assistance and support for film productions, to establish relationships with neighborhood representatives and provide information to neighborhood publications regarding the importance of filming to the community.

FINANCE/FUNDRAISING - Commissioner Kunin reported on the Halloween party at the Paradise Lounge. Approximately \$2,100 was raised for the Commission. Our next event will be in March or April with an advance screening of "So I Married An Axe-Murderer".

DISCUSSION OF THE ACADEMY'S CANCELLATION OF DOCUMENTARY SHORT AND
LIVE-ACTION SHORT FILMS

Commissioner Yee expressed his concern over the cancellation of short and live-action documentary films from the Academy's awards. It was moved and approved by all Commissioners present that the Film & Video Arts Commission would write a letter to the Academy in support of the continuation of the awards in these categories. The Independent Film & Video Production Sub-committee will submit a preliminary letter at the January meeting of the regular Commission for approval.

Public comment was taken.

The meeting was adjourned at 3:25 p.m. by President Immendorf.

MEMBERS ABSENT

MINUTES

The meeting was called to order by President Immendorf at 2:00 p.m. The minutes of the July 14, 1993 meeting were approved.

PRESIDENT'S REPORT

President Immendorf first introduced the two new commissioners appointed to the Commission by Mayor Jordan, Mrs. Joyce Corrigan and Mrs. Mae Woo. Each commissioner then gave a brief summary of their background as a means of introduction to the commission.

SUB-COMMITTEES

New sub-committees were assigned as follows:

1. EDUCATION & COMMUNITY DEVELOPMENT - Joyce Corrigan, Greg Kunin and Peter Scarlet.
2. FINANCE & FUNDRAISING - Beverly Immendorf, Mae Woo, Greg Kunin and Nick Roomel.
3. GOVERNMENT & INDUSTRY RELATIONS - Ed Powell, Beverly Immendorf and David Yoder.
4. INDEPENDENT PRODUCTION & VIDEO CONCERNS - Debra Chasnoff and Peter Scarlet.
5. NEW TECHNOLOGY AND MULTI-MEDIA - David Yoder, Robert Hillman and George James.

All sub-committees are to meet prior to the next regular meeting of the commission on November 10, 1993.

All Commissioners are invited to attend an 2 hour seminar on the Sunshine Ordinance and its effect on commission meetings on Saturday, October 23 from 10:00 a.m. to noon in the Board of Supervisors chambers. President Immendorf also reminded the commissioners of their responsibility to notify the office when they leave the state and when they will not be able to attend commission meetings.

DIRECTOR'S REPORT

Lorrae Rominger gave the following report:

1. "So I Married an Axe Murderer" benefit premiere ticket sales totaled \$14,100, with expenses totaling \$5,400, net profit was \$8,700. Commission voted to use this money for the hiring of a part-time secretary-receptionist. The money to fund the position, approximately \$18,000 a year, will come 50% from the city and the remainder from the film commission.
2. Attended AFCI Cineposium in Los Angeles from September 16 through 21, 1993. Panels and discussions on setting up a film commission office, marketing, public relations, importance of production manuals, photo libraries, financial reporting, etc. Only 50% of film offices around the country collect economical impact figures. It is a very long and difficult process, organization would like to use a standardized form. Our form is more thorough and complete than the one currently used by the AFCI. Production panels with studio executives stated that best ways to market your area are FAM trips, official receptions, direct mail, etc. Newsletters are too lengthy to read.
3. Met with Roberta Chow from Golden Harvest Productions. She will be the liaison with Golden Harvest in Hong Kong. We are trying to work out details for Jackie Chan shooting in San Francisco. Also met with Morgan Creek, Geffen Pictures, Polygram Filmed Entertainment and City Light Films.

4. Hotel Tax Fund grant totaled \$40,000. Attached is a new budget for the money which was approved by the commission.

5. The film office is working on the following materials: direct mail pieces, FAM trip, Mayoral reception in Los Angeles, logo and promotional pieces.

6. Brochure for San Francisco/Bay Area film festivals and film venues presented to the commission by Laurie Tanner was brought up for discussion. Commission must decide what role they want to play, if any, in the development of this project. Must find sponsor to pay for printing and paper company to donate paper. Also must consider reprinting in years to follow. President Immendorf referred project to Independent Production and Video Concerns sub-committee co-chaired by Debra Chasnoff and Peter Scarlet. They will make suggestions at the next commission meeting.

ADMINISTRATOR'S REPORT

Robin Eickman reported on various issues the film office is working on within the city charter including the exemption for animals on film sets, parking surveys for posting no-parking signs for production companies and street closures.

The film office is also working on several promotional items including t-shirts, hats, photo books, etc.

Feature production has slowed down in the last quarter of the year. "Getting Even With Dad" wraps next week, "Interview with the Vampire" films in November for two to three weeks. Other projects are scouting but none have been issued permits.

Public comment was taken.

The meeting was adjourned at 3:30 p.m. by President Immendorf.

RE: SEMINAR ON CONFLICTS OF INTEREST/SUNSHINE ORDINANCE

Mayor Frank Jordan has requested that this office conduct a conflict of interest seminar for members of all City boards and commissions and all department heads. The purpose of the seminar will be to provide a comprehensive review of all state and City conflict of interest laws.

Also, this office has received a number of requests for advice regarding the new San Francisco Sunshine Ordinance, which becomes effective December 16, 1993. Accordingly, in addition to addressing conflict of interest issues, we will use the seminar to review the provisions of the Sunshine Ordinance, with special emphasis on those provisions relating to public access to meetings.

We have scheduled the seminar for Saturday, October 23, 1993 at 10:00 a.m. to 12:00 noon in the Board of Supervisors chambers in City Hall.

Because this seminar will be considered a public meeting within the meaning of the Brown Act and the Charter, each board and commission must notice a special meeting and post an agenda for a special meeting. The notice should include two items: Review of conflict of interest laws and review of the San Francisco Sunshine Ordinance and related laws. Because this is a special meeting occurring at a location other than the regular meeting place of the City boards and commissions, the agenda must be posted 30 days before the meeting. This means that the agenda for the special meeting must be posted no later than Thursday, September 23.

This memorandum is being delivered to department heads. Departments heads that operate under a board or commission, or that have a working relationship with boards and commissions with substantive decision-making authority, should distribute this memorandum to members of those boards and commissions and should ensure that the October 23 meeting is properly noticed no later than September 23.

Please telephone Randy Riddle at 554-4211 if you have any questions about this matter.

PRESIDENT'S REPORT

President Immendorf attended a meeting on October 23 which covered Conflict of Interests, The Brown Act and the Sunshine Ordinance, as related to Commissions within the City and County of San Francisco. She distributed information related to the above. At her request, Buc Delventhal of the City Attorney's office, was in attendance to answer questions regarding that legislation. It is understood that no financial gains may be received by Commissioners from contracts awarded by the Commission on which they serve.

DIRECTOR'S REPORT

Lorrae Rominger reported on the following:

1. Interviews for secretary/receptionist to be completed by end of week. New position to be filled as quickly thereafter as possible.
2. Completion of two direct mail pieces, 1) promoting the success of "The Joy Luck Club" and 2) thanking studios for filming features in San Francisco.
3. Sales trip to Los Angeles October 18 to visit studio executives and production companies: Joel Silver Productions, Joel Schumaker Prods., Doner-Schuler-Doner Prods., Bill Young-Warner Bros., Interscope Communications, Working Title Films, Jeff Kurz-Miramax. 8. Studio space for sound stage remains an issue and keeps some large features from filming in San Francisco.

ADMINISTRATORS REPORT

Robin Eickman showed examples of the t-shirt and hat which we have developed for distribution at trade shows, conventions and to film crews in order to promote San Francisco.

COMMITTEE UPDATES

1. Independent Production & Video Concerns - Peter Scarlet - working on next event, maybe Forum II on freelance productions, financing independent features, or multimedia. Another idea is to develop an apprenticeship program for people of color. The festival and exhibition brochure proposal submitted to the commission by Laurie Tanner is not a project that the committee can take on at this time due to financial constraints. It was decided, however, that the information to be on the brochure would be typed and submitted to the film office for distribution upon request. Although there was interest on the part of the commission, as well as the San Francisco Convention & Visitors Bureau, the amount of funding needed to proceed with the project was prohibitive. Concern was raised at the committee meeting about the decrease of independent filmmakers on the commission due to the resignations of Farrell, Telles and Yee.

President Immendorf stated that Commissioner Chasnoff has requested a leave of absence through May 1994. The Commission will vote at the December meeting.

2. Education & Community Development - Joyce Corrigan - working to collaborate with higher institutions, plan to set up meetings with deans at schools and heads of film and cinema departments. Committee is addressing issue of liability insurance for film students at SFS wanting to film on city and county property. Plan to set up tour of cinema facilities at SFS to see if space can be rented out to production companies. Working to set up additional internships at all local colleges. Long range goal, outreach with secondary institutions, both public and private. Discussion to make committee education only and not include community development. Will discuss further at December meeting.

3. New Technology and Multimedia - David Yoder - working to establish liaison with other multimedia organizations in the city. Working to promote and expand the industry within San Francisco. Commissioner Hillman informed the commission that a New York based company had been chosen to develop the theater complex at Yerba Buena Gardens which will include an Imax theater.

4. Finance & Fundraising - Beverly Immendorf - next event is a dinner to honor Wayne Wang and Amy Tan. Planning it for February in conjunction with Chinese New Year. Room reserved for February 11 or 18 at the Empress of China in Chinatown. Waiting confirmation for Wayne and Amy.

Public comment was taken.

The meeting was adjourned by President Immendorf at 3:50 p.m.
